

# Online party booking has never been so EZ.

An online party booking platform designed for events from E to Z.

See How It Works

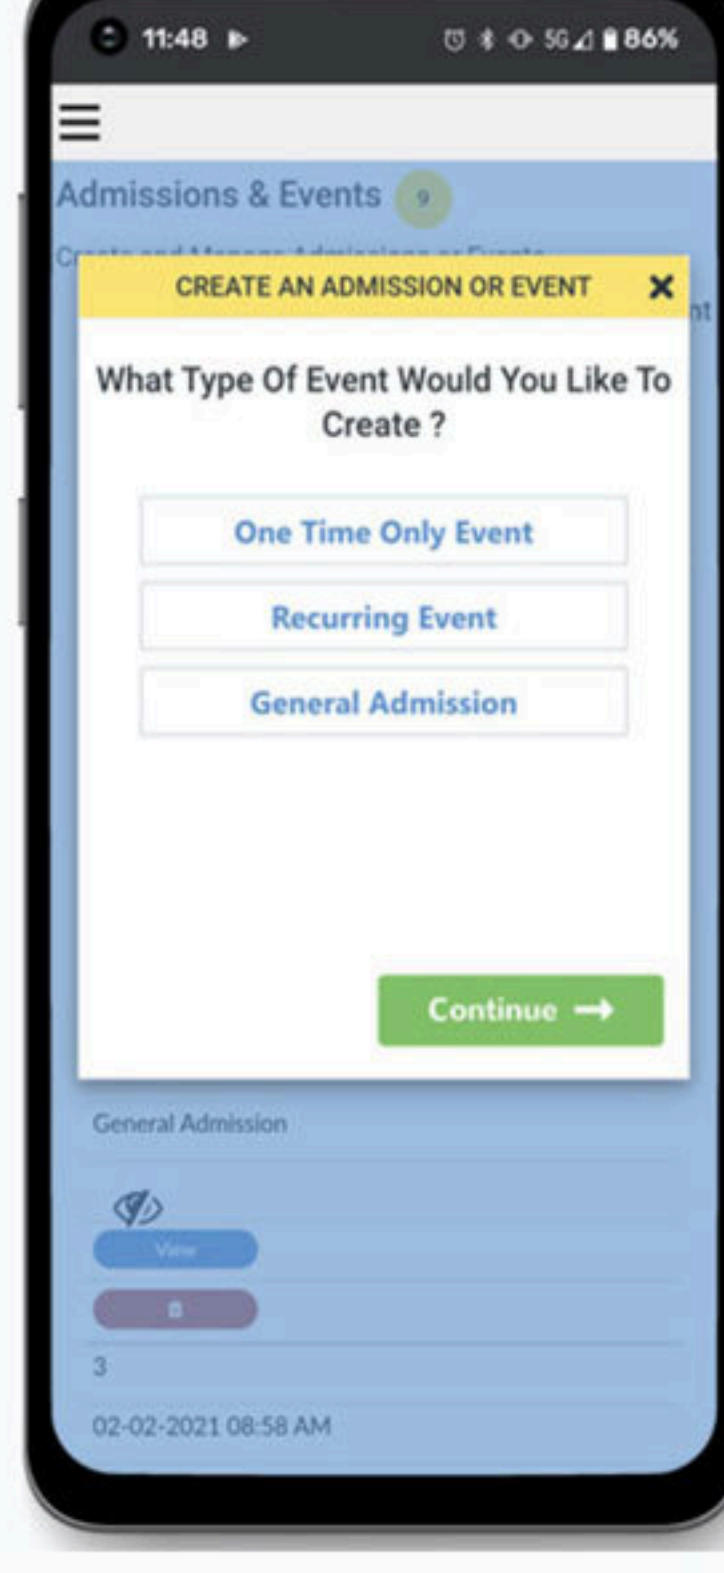

## Choose Your Event Type

### Event Builder

With our event builder, you can easily create general admission, recurring, one time only, and private party events.

### Progress Tracking

Our progress tracker will guide you through the event creation process allowing you to create new events with confidence, no matter the complexity.

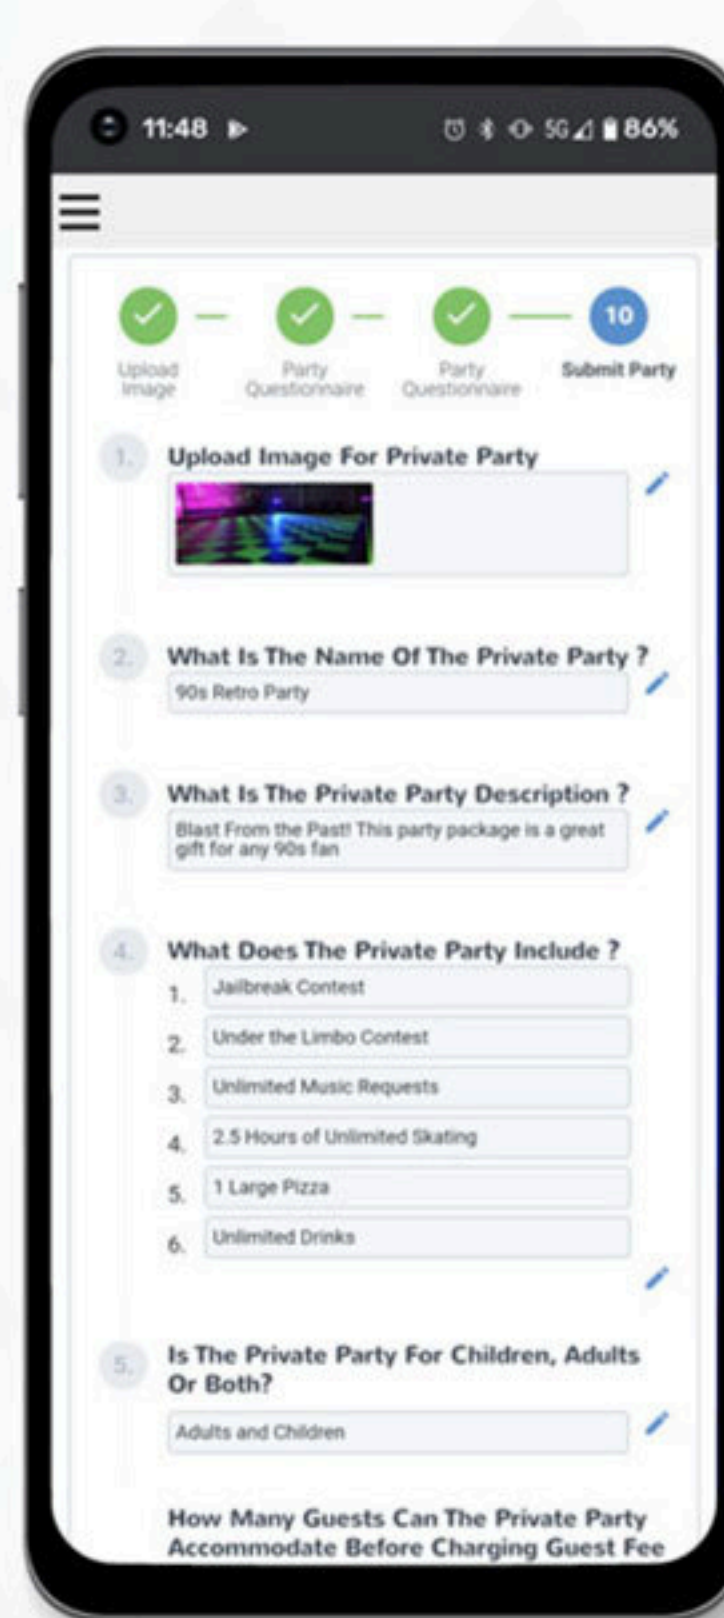

## Customize Your Event

### Stock Images

Don't have an image on hand for an event? No worries! Use a stock image from our built-in gallery.

### Social Distancing Guidelines

You can create your own social distancing guidelines for any event as well as include an acknowledgment for customers during checkout.

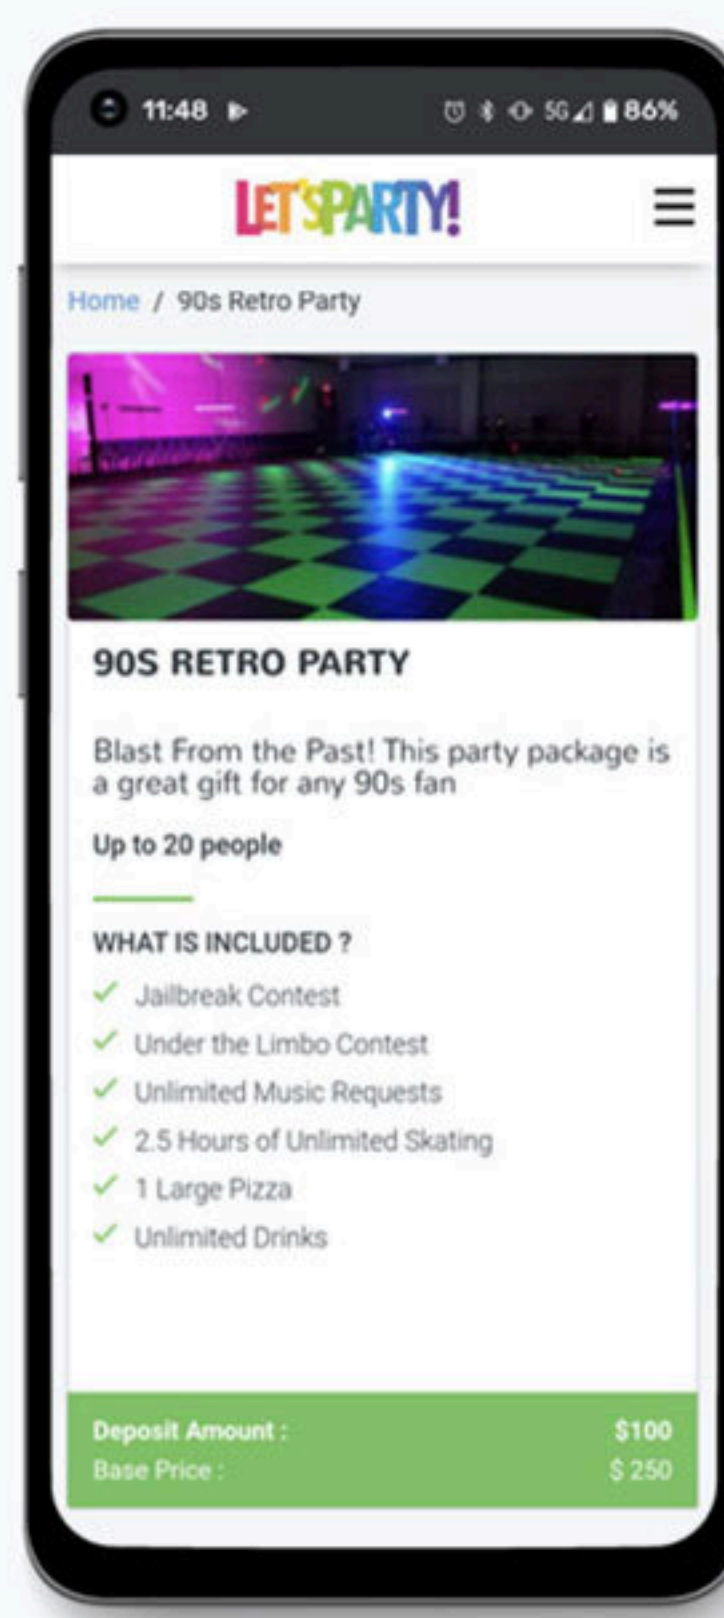

## Publish Your Event

### Detailed Event Card

Enable a custom "What's Included" checklist for your customers at checkout. They'll know exactly what to expect when they arrive for their event.

### Full Transaction Reporting

Printing any receipt or booking transaction will generate all of the information entered by your customer including event details, add-ons purchased, form fields, guest count, and more. Create a text or email notification and you'll never miss a newly booked event.
